C	30/06/2021	Former LEATHERN BOTTLE Ph. Cresswell Cres, Blowich. WS3 2UW	E19/0440	Sec 215 Tidy Up Notice	30/06/2021	11/08/2021	1) Secure the land in order to prevent all unauthorised access, by reinstating all damaged fencing and hoarding along the boundary with Cresswell Crescent, Margam Terrace and adjacent to the rear car park of 24 Cresswell Crescent. 2) In the event you are unable to repair fencing because it is not in your ownership, prevent unauthorised access to the site by erecting an inner hoarding fence on the land. 3) Where the hoarding boards are damaged or weathered, replace the boards with a full one piece un-damaged and un-weathered exterior grade wooden board which has a smooth face. Ensure all wooden hoarding is at least 9mm thick. The hoarding should be no more than 2 metres in height. 4) Remove all fly posting and advertisements from the exterior of the hoarding boards; 5) Treat all untreated wooden hoarding with a coat of wood primer and at least two coats of exterior paint. Ensure that the first full coat of paint is suitable to serve as an exterior wood primer and undercoat, and the final coat is in signal grey exterior gloss paint RAL ref code 7004 (This is a specific shade of dark-grey obtainable from a normal paint mixing service); 6) Cut down all vegetation within the site area, including: grass, nettles and brambles to a height of no more than 50mm and ensure that the vegetation is kept below that level; 7) Remove from the land all fly tipping, skips, furniture, buckets, tubs, swing and frame, litter, bricks, rubble, timbers, refuse, discarded objects and all other materials arising from the activities described in 1 - 5 above to an authorised facility licensed to accept these items; and 8) Leave the site in a clean and tidy condition.

Road Letter	Date of Entry	Address	Reference	Alleged Breach	Date of Service	Effective Date	Requirements of Notice	Date for Compliance	Appeal Date	Appeal Result	Stop Notice	Final Outcome
U	02/03/2023	Upper Lichfield St -36, Willenhall	E20/0385	The application of a render finish and associated fascia has masked the three dentil courses of brickwork and caused harm to the character, appearance and setting of the Property which is a non-designated heritage asset. The application of a render finish and associated fascia which masks the original dentil courses and original facing brickwork of the Property has caused harm to the character and integrity of the Willenhall Conservation Area which is characterised by its red brick historic fabric and detailing. The render finish to the Property is considered contrary to the guidelines of the NPPF (as amended) and the requirements of ENV2 and ENV3 of the Black Country Core Strategy (2011) and the saved policies 3.6, GP2 and ENV32 of the Walsall Unitary Development Plan (2005). Policy EN5 of the Site Allocation Document and is also not consistent with DW3 and DW9 of the Designing Walsall Supplementary Planning Document.	02/03/2023	30/03/2023	5.1 Submit to the Council, for its consideration and approval in writing, a scheme of works for the removal of the render finish and associated fascia ("the Scheme of Works"). The Scheme of Works shall include provisions for the careful removal of the render by hand to avoid damage to the facing bricks and lintels and existing mortar and the appointment of a competent person who shall supervise the removal of the render finish. 5.2 Completely remove the render finish and associated fascia from the front elevation of the Property where it faces on to Upper Lichfield Street in accordance with the Scheme of Works (as approved in writing by the Council). 5.3 Submit to the Council, for its consideration and approval in writing, a scheme of restoration and repair for the reinstatement of the original features of the Property ("the Scheme of Restoration and Repair"). The Scheme of Restoration and Repair shall include provisions for: (a)the reinstatement of the corbelled brick dentil course underneath the eaves of the front elevation of the Property and exposure of the original lintel above the first floor windows; and (b)the repair of any damage to the facing brick work arising from the removal of the render and the reinstatement of the front elevation of the Property to the condition existing prior to the application of the render; and (c)the repair of any damage to the mortar and the repointing of brickwork using NHL2 lime mortar at a ratio 1 part lime to 3 parts sand; and (d)the appointment of a competent person who shall supervise the carrying out and completion of the restoration and repair. 5.4 Carry out restoration and repairs to the facing brick and mortar finishes in order to return the front elevation of the Property to the condition and appearance existing prior to the application of the render finish.	07/08/2023	Appeal upheld 07-08-23. Inspector concludes "Since the notice is found to be a nullity no further action will be taken in connection with this appeal. In light of this finding the Local Planning Authority should consider reviewing the register kept under Section 188 of the Act as amended."		Notice is null/void.	
U	11/11/2022	Upper Lichfield St -36, Willenhall	E20/0385	Without permission, the application of a render finish on the front elevation of the building facing Upper Lichfield Street and associated fascia	09/11/2022	06/12/2022	5.1 Submit to the Council a scheme of works for the removal of the render finish and associated fascia. The scheme of works shall include provision for the careful removal of the render by hand to avoid damage to the facing bricks and lintels, existing mortar and the appointment of a competent person who shall supervise the removal of the render finish. 5.2 Completely remove the render finish and associated fascia from the front elevation of 36 Upper Lichfield Street, where it faces Upper Lichfield Street in accordance with the approved scheme of works. 5.3 submit to the Council a scheme of restoration and repair for the reinstatement of the original features. The scheme of restoration and repair shall include: (a) reinstatement of the corbelled brick dentil course underneath the eaves of the front elevation and exposure of the original lintel above first floor windows. (b) repair any damage to facing brick work arising from the removal of the render and reinstatement of the front elevation to the condition prior to the application of the render. (c) repair any damage to mortar and repoint using NHL lime mortar at a ratio 1 part lime 3 parts sand. The scheme of restoration and repair shall include the appointment of a competent person who shall supervise the restoration and repair. 5.4 Carry out restoration and repairs to the facing brick and mortar finishes in order to return the front elevation to the condition and appearance existing prior to the application of the render finish.	31/08/2023
